## *Champagne*

Charles Heidsieck is the smallest of the Grandes Marques champagne Houses. Based in the Reims region of Champagne, it is one of the best-known producers for both vintage and non-vintage cuvée. The house was founded in 1851 by the French champagne maker Charles Camille Heidsieck, who became known as Champagne Charlie.

## England

*English wine is growing in popularity and is increasingly recognised as a premium wine-producing region, with more than 450 wineries and around 3.15m bottles produced a year.*

*Whilst vineyards are found across the whole of England, the climate of the South and South East makes it a particularly popular region for growing vines.*

### Nyetember, West Sussex

*These vineyards share similar characteristics with the best sparkling wine vineyards in the world. Greensand and chalk soils allow the vines, in each of the separate sites, to flourish across the south of England.*

### The Bolney Estate, Sussex

*Set on the edge of the South Downs, 14 miles from the UK south Coast, and comprises of 5 unique Sussex vineyard sites. The vines were re-planted over the period of 2002 – 2012, being replaced when they reached 35-40 years of age. Each vine produce enough grapes for 1-3 bottles.*

### Stopham Estate, West Sussex

*Stopham Vineyard grows and produces still and sparkling wines in the temperamental English climate. Nestled in the heart of Sussex, they translate the diversity of the South Downs – from the cool, breeze and rain to the bright, sun-drenched hillsides – into every bottle of English wine.*

### Davenport Vineyards, Kent

*Davenport Vineyards was always a keen supporter of organic farming and in 2000 they made the decision to convert all the vines and winery to organic systems, certified by the Soil Association. At the time this was a huge risk, but ultimately the vines are in great shape, the fruit quality is second to none, and the wines show a depth of character that we believe could not be achieved with the use of chemicals in the vineyard and winery.*

## Premium Wines

### White Wines

**“La Rocca” Soave Classico Pieropan, Garganega, Italy** **£95.00**

*The grapes were grown in the vineyard of 'La Rocca', which takes its name from the adjacent medieval castle and fortress ("La Rocca") that dominate the town of Soave, just east of Verona. The soil is unique in Soave in that it is a limestone outcrop (the same soil as in Valpolicella Classico) in a sea of basalt. Because of this soil, Pieropan feel they get sufficient ripeness in the Garganega to make a wine solely from this variety.*

**Markus Molitor Urziger Wurzgarten Riesling Spatlese Gold, Germany** **£105.00**

*37 hectares of spectacular vineyards spread across 15 classic sites from Bernkastel and Graach to Wehlen and Zeltingen. Extreme dedication. Highly ageable. Heaps of critical acclaim. These are all part of the Molitor legacy.*

**Condrieu, Les Mandouls, Domaine Ferraton, Viognier, France** **£140.00**

*The vines of Condrieu are grown on steep, low fertility, rocky slopes, often in terraced vineyards, with constant challenges from soil erosion and wind. Here producers get the most from Viognier grapes creating rich and intense wines.*

### Red Wines

**Pine Ridge, Cabernet Sauvignon, Napa Valley, California** **£180.00**

*Grapes of this wine have been sourced from some of the best sites within Napa Valley; Stags Leap District, Oakville and Rutherford AVAs. The aim is to give a beautifully complex Cabernet from Napa, velvety and plush, with great structure and polish.*

**Bodegas Lan “Culmen” Rioja Reserva, Tempranillo, Graciano, Spain** **£215.00**

*The grapes were hand harvested from 40 to 60-year-old vines from a single vineyard ('pago') called 'El Rincón' on the 'Viña Lanciano' estate. This is one of the most spectacular vineyards in the Rioja Alta region, located on a bend of the river Ebro. Protected from the winds and cold weather by the Sierra Cantabria Mountain range and its proximity to the river, the vines enjoy stony, poor soils, which are conducive to low yields, while lower temperatures ensure an enhanced aromatic dimension to the wines.*

**Côte-Rôtie “L'Eglantine Rouge” Ferraton Pere & Fils, Syrah, France** **£200.00**

*This is the most northerly of the Rhône appellations with incredibly full and deep wines. This wine is sourced from “Côte Brune”, the warmest area with steepest vineyards that get most of the intense sunlight and gives, at the moment of the harvest, rich and incredibly sweet fruits.*
